As stated by Swami Vivekanand "Strength is life and Weakness is Death". it is rightly said a person should have a sound mind in a sound body. We should stress on allround development of students i.e. Mental, Physical, Emotional & Social.

Regular exercise is absolutely essential. We should take necessary steps for overall development of students who are assets to our Nation.

Physical Efficiency Test for male and female students of degree college was conducted in the month of January. It is only due to the efforts of our Hon'ble Principal Dr. B.B.Taywade who provided all the required facilities and valuable guidance, we could organise such events. I take this opportunity to thank our Hon'ble Principal on behalf of our staff and students for rendering these facilities.
